## SAFETY SEAL SPILL CONTROL PRODUCTS DrainProtector® II Safety Seal

The fastest and most economical way to respond to industrial spill incidents. These flexible, chemical resistant polyurethane products can be used over and over again.

### LIGHT WEIGHT AND EASY TO USE:

The DrainProtector II is made of a solid tough polyurethane requiring no reinforced fillers making it light weight and easy to handle.

**CHEMICALLY RESISTANT:** The polyurethane DrainProtector II is compatible for use with a wider range of chemicals and substances than rubbers and plastics. Plus, it's environmentally safe.

**REUSEABLE:** After using, simply wash the DrainProtector II, replace the plastic film, and return to the container.

**REVERSIBLE:** Since the DrainProtector II is tacky on both sides, either side can be used to form a tight seal to block out liquids.

**LARGE STOCK:** Square and rectangles can be made in custom sizes at the manufacturers US plant.

Squares	Rounds	Rectangles
18" x 18"	12"	18" x 60"
24" x 24"	20"	36" x 60"
36" x 36"	30"	
42" x 42"	42"	
54" x 54"		

### Original Drain Protector® Safety Seal

**Prevents spills from entering grates, manholes and large drains.**

- Quick deployment and removal
- Easily stored, transported and handle (store in protective film between uses)
- Available in 18, 24, 36, 42 and 48 inch sizes (square)
- Custom sizes also available
- Cleans easily with soap and water
- The Original DrainProtector Safety Seal — thousands sold worldwide since 1992

### Conical Plug Safety Seal

**Stops spills from entering circular drains 2, 3, 4 and 6 inches in diameter.**

- Easy to install and remove
- Tough, chemical resistant material forms tight seal
- Cleans easily with soap and water
- Available in 2, 3, 4 and 6 inch diameters
- Kit includes case with 2, 3 and 4 inch conical plugs

### Barrel Patch Safety Seal

**Seals leaks fast on any 55 gallon drum.**

- 5 x 7 inch leak proof patch
- Tough nylon belt fits around 55 gallon drum
- Easy to use ratcheting buckle ensures a tight seal
- Simply place over barrel, align patch over leak and tighten
- Custom size belts available
- Cleans easily with soap and water
